mymail™ Desktop Postage Solution

THE PERFECT COMPACT DESKTOP SOLUTION

Innovative design, compact size, and powerful features make the FP mymail™ the ideal entry-level solution for the small or home office with a low volume of mail. With one touch of a button, your mail will go out with a professional look. Reliable HP Inkjet technology crisply prints your company logo and up to three customized messages. Indicia are printed utilizing the USPS® Information-Based Indicia Program (IBIP), so your mail processes quickly and more securely. As one of the only devices in its class, the mymail™ has a 5 lb. integrated space-saving letter scale, ensuring the correct postage is determined and set immediately. Sleek and small – yet sophisticated – the mymail™ easily finds a place on every desktop, adding a professional and customized touch to your business with technologically-advanced and fully digital features that are sure to please.

MAILINGSOLUTIONS
AN FP GROUP COMPANY

mymail™ Desktop Postage Solution

KEY ADVANTAGES

PROFESSIONAL AND CUSTOMIZED MAIL

Creating a professional and customized look is as easy as the push of a button by adding your company logo and a promotional or advertising message that can be updated. To create a package label, simply run a self-adhesive postage meter label through the mymail™ and attach it to the package.

FASTER MAIL PROCESSING

Your mail will be processed faster using the mymail™ because the printed indicia is developed in accordance with the USPS® Information-Based Indicia Program (IBIP).

BUILT-IN 5 LB. SCALE

Accurate postage is a snap with the mymail™ and the integrated 5 lb. postage scale; it immediately sets the correct postage.

EFFICIENTLY ADD NEW POSTAGE

You no longer need to write checks and wait days for new postage to be added to your account. Postage is downloaded automatically with a push of a button using teleset™, the postage resetting system developed by FP. teleset™ utilizes direct modem communication from the meter to the secure FP teleset™ Data Center (TDC). You can also charge new postage to a credit card.

SPECIAL FEATURES

- Fully digital
- USPS® IBIP compliant
- Six endorsements
- Integrated 5 lb. scale
- Modem-based postage resetting
